Connecting People, Sharing Knowledge, Discovering Therapies

XVII SDDN meeting

About SDDN meeting

This international conference is an ideal networking forum for the community of drug discovery professionals working in Academia and Industry. Each year, this event brings together professionals from different areas and diverse backgrounds who share a common goal: discovering new therapies through drug discovery and translational medicine research. This represents a privileged setting to display the latest technologies and breakthrough product solutions and services for drug discovery.

Previous editions

The annual SDDN meeting has a proven record of highly successful conferences which are regarded as a meeting point for Spanish drug discovery professionals from industry and academia and include a representation of international participants.

The meeting's official language is English.

XVII SDDN meeting

THE XVII SDDN MEETING IS ORGANIZED BY

SPANISH

Drug Discovery Network

SDDN is the Spanish Association of Scientists and Professionals dedicated to Drug Discovery and Development. The members of the Association work both in academia and industry, and are involved in a wide range of scientific and technical disciplines related to the preclinical discovery and development of new drugs.

IN COLLABORATION WITH

The Galician Life Sciences Technological and Business Cluster (Bioga) has been supporting the Galician biotechnology ecosystem for 15 years, during which time it has become the voice of the biotech industry in the region.

Date and venue

This year's event will take place in A Coruña (Galicia).

November 19

Welcome Day at the Estrella Galicia Museum (MEGA), under the title: "*Meeting with the Biotechnological Sector of Galicia*".

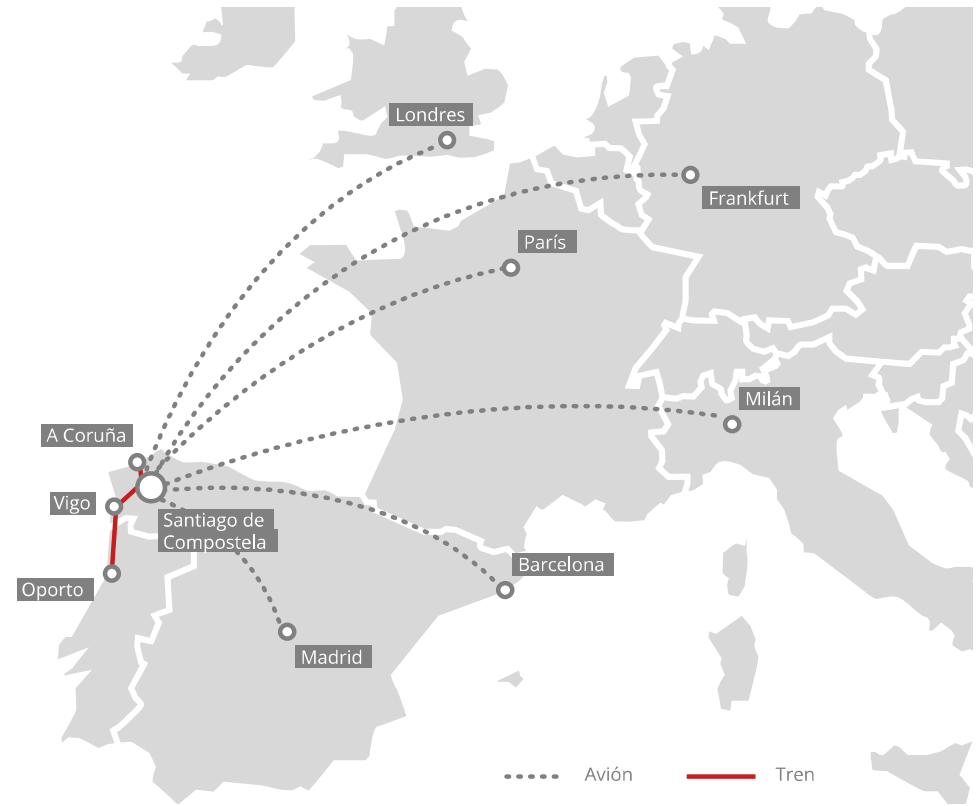

November 20-21

XVII SDDN meeting at Attica 21 Hotel.

Why Galicia?

Galicia and Biotechnology are advancing hand in hand in an emerging sector that is increasingly strong and highly innovative.

Galicia is committed to biotechnology as a driver of economic, social, and technological progress, building on the Galician Biotechnology Sector Consolidation Strategy 2021–2025 as a central pillar for strengthening the biotech ecosystem around the region's business and industrial network.

+200

attendees

+15

sponsors and exhibitors

+30

companies

+10

countries represented

Young talent and researchers

interested in exploring the latest trends in biotechnology and connecting with cutting-edge research professionals.

Academics & Research Professionals

experts from universities and research centers who are actively engaged in advancing scientific knowledge and collaborating on innovative initiatives.

Specialized suppliers

offering high-quality solutions and services to the biotech industry.

Business owners, executives, entrepreneurs, and investors

seeking to generate business opportunities, expand their network, and discover new projects and trends.

R&D and Innovation Directors

from leading companies, technology centers, and institutions at the international level.

Each year, we select a set of key topics to encourage the exchange of ideas and promote discussions among experts with diverse backgrounds and career paths, but with a common goal: to advance the development of new therapies through drug discovery research, in a multidisciplinary and translational manner.

Key Topics

This year's program will focus on three fundamental areas:

- **Data Science & Artificial Intelligence**
Chair: Patrick Aloy (IRB Barcelona)
- **Drug Discovery Stories**
Chair: Javier Terriente (Zeclinics, ASEBIO)
- **New Approach Methodologies (NAMs)**
Chair: Jan Lichtenberg (InSphero)

How to participate at the XVII SDDN meeting?

Explore the possibilities...

Register to attend

join as a participant and connect with the biotech and drug discovery community.

Exhibition Hall

where companies can showcase their products, services, and technologies in their own stand.

Poster session

a dedicated space for professional development and technological presentations.

Sponsor the event

offering prominent visibility for your brand.

Be a speaker

showcase your expertise through speaking opportunities available for sponsors.

Sponsorship

SDDN partner
2.000€ annually

Benefits of being SDDN partner:

4 full conference free registrations

1 booth in the exhibition hall and prime location

Sponsor's logo on different channels: banners displayed at conference, meeting webpage, acknowledgment of support on social media

Emailing to Conference Registrants

20 min Exhibitor Tutorials or Flash Talk (note: space limited, priority to SDDN partners)

Communication and distribution of products and applications throughout the year to SDDN Associates

Sponsors logo in SDDN web page (all year around)

This figure goes beyond participation in the specific event. Supporting Members play a very important role in the sustainability of the Association, and are expected to contribute not only financially but also in discussions about the Association's strategy and future.

**all prices are VAT excluded*

Sponsorship

Exhibitor - regular
1.000€

Benefits of being regular exhibitor:

2 full conference free registrations

1 booth in the exhibition hall

Sponsor's logo on different channels: banners displayed at conference, meeting webpage, acknowledgment of support on social media

Emailing to Conference Registrants

7 min Exhibitor Tutorials or Flash Talk (note: space limited, priority to SDDN partners)
